Dear Mr. Winger:

ANNEXATION DATA

We appreciate your prompt response of January 23, 2008 to the Board of Supervisor's request for annexation data. The list of recorded annexations from 2000 through 2006 will assist us in initiating our research and we look forward to your finalizing the research for the years 2000 through 2003 by February 1, 2008. We had hoped that you had an annexation database that would have more easily provided the information required to calculate the County Regional Housing Needs Assessment allocations. However, that not being the case, we agree with you that accessing this information manually for LAFCO or the County will be a time extensive effort taking weeks to accomplish. Given the situation, we fully understand your position and agree that the manual search for information is our responsibility.

Thank you for the suggested February 9, 2008 deadline for the completion of the research portion of this effort. Because we are working on a number of highly important governmental structure projects which the Board offices and LAFCO have a critical interest in, we will need to prioritize work on this project so that it does not impact those projects. We will be in communication with the Board offices regarding a timeline to respond to the Board's January 15, 2008 direction.

Sincerely,

WILLIAM T FUJIOKA
